

1A. 1 Hampton "found lying on a bed with an automatic pistol and a shotgun next to his body." See if any explanation is offered for all that shooting not awakening him.

2. "Scene cleared" by 7:30 a.m.

6. If references to arrests prejudicial to this case in any way, i.e., no comparable refs to Chi cops & their misconduct & violence committed.

10. Although the report does not say so, this seems like a confined arrest, for it is unlikely so many would have committed a high traffic violation. Note Valle's parallel.

11. Top again, pretty obviously harassment, & again my report is without comment.

12. Entire report by field agent. No decision in more than yr?

14. To discount what the FBI did to Parker 1/24/69 as merely a search is to depart entirely from impartiality, to ignore prejudice & the intent to deceive.

21. Do Chi cops policemen "on routine patrol" are "in the Panther office"? From, perhaps?

Here & the following accounts of violence between police & Panthers are carefully prejudiced. While revealing reported instances of arrests & charges without evidence, & the killing of Blacks by police, when police are killed in such attacks, it is all not as a consequence of violence.

repression or distortion or false events, but,
p24 "slain in the line of duty"

25 And with even the clear mind cited through
in a biased manner, of false events, the
costs & conduct of the police are
described as "especially abhorrent for Parker
Arms."

IB 26 ff. again, a completely prejudiced account of the 1846/7 riots
a straight police version known to be false & later suppressed,
but due a device to soften prejudice under in form of police

27 Hampton "was found dead in a back (small) bedroom,"
not necessarily different reality, in bed.

(Pantone 9 Black) occurs - follows. It will be interesting to see if more of this is set off by heat.

When after repeated trials, he was asked to make

30. Jim H. Meadwells (26-'9), The Panther, 12/1/90, is described as "a major escalation."

32 and the staged plot told by Henschel in the Christie
is described only as "an exclusive, detailed account" of
"repute". This goes on at Great Angell & is followed by
Henschel's fake T. U. re-enactment, ~~describing~~ describing
only "a unique episode" (41)

42) Still again when the official lies are exposed, it is described as "the industry reached a new high." The fix is

"Unnecessarily disguised" instead of official falsehood
Note clever use of other words. Like "proving" where there
was no proving & "acknowledged the mistake" for what
was no mistake but what beyond question was deliberate
& falsifying - also official, legal, promising.
65, middle - Does this uncertainty indicate only police ^{with no} ~~not~~
knowledge of the Panther's habits were used, & that they did not
could not consult those in the CPD or FBI with knowledge?
Following it in history the then official reason for ^{also} ~~and~~ top 67
not prejudicial language 67 "having worked on the future of kidnapping
law" - to justify up, no more of that it looks right that
Hampton was killed. There is no actual justification for being made
68 to Jones personal that, an alleged & proved - it is. Do not say.
70 Subtly, but more criticism is worked in where it doesn't
belong, to under mine belief in ~~the~~ the innocence of the Panthers.
It is prejudicial in a manner it is not with the police.
There seems to be a deliberate style to avoid names (as p/p 77-8)
which is one way of putting in those whose names are not
given.

102 ¹⁰² Corner - no analysis Hampton's strength's intentions?

How like J. R. Anthony & in fact, the whole book this is.
113 But with an iniquity, in complete & highly un-
accurate official Anthony, but it was is reserved for them
by the defense

114# sets for the pendulum character of the IID investigation
Even given changed the performance quest ions & per-
formances (122) Then all officers were told in advance
what little they had to expect!

126 The IID left admitted he did a whitewash investigation

171- Is the issue a "consistent" version by the police & the
prosecution, per, jury

174# Evidence - citations of testimony by volume & page alone,
not with names of witnesses, which serves only to protect per, jurors.

192- Just all of this took "at most" 12 minutes in
a 40 minute long to put a police report up where there
was no report since. With no report on a, this much
fringe is an area of police delinquency
